Life happens, and when it does, make sure to cancel your appointment.

A **No Show** is when a patient does not show up for their scheduled appointment or fails to cancel it ahead of time, preferably a minimum of 24 hours prior to their appointment time. If patients are more than 10 minutes late for their appointment, it is also considered a **No Show**.

- When you do not show for your scheduled appointment, the appointment time is wasted. This appointment could have been used to treat another patient at the Health & Wellness Center.
- It is very simple to cancel an appointment. Simply visit **www.CareHere.com** and click on the **Delete** link next to your appointment and confirm cancel appointment, or you may call 877.423.1330.
